

# Floreat Cub Scouts

---

## Parent Information

Please read the Group Information Pack for information about the Group, Scout Association form requirements and your obligations as a Cub parent.

For all meetings and activities, Cubs will need:

- To wear covered shoes, or reef shoes for water activities
- A water bottle
- Yellow book
- Pen/pencil
- Notebook

Please don't leave your child unattended before a leader is present. Also please let us know if someone other than yourself will be picking up.

Opening parade is scheduled to start promptly at 6.30. It is most important that all Cubs arrive 5 to 10 minutes before the start time to ensure our program runs to schedule.

We generally have one camp, and a couple of activities away from the hall per term. Costs for these are covered by those attending and are additional to your fees.

For camps, hikes, and other outdoor activities:

- Small personal first aid kit
- Dilly bag (for camps)
  - This can be as simple as a tea towel sewn in half with a draw string at the top. It should contain a plate, bowl, cup, knife, fork and spoon. Please no glass or ceramics
- Hat to be worn at all times
